Daily Standup Meeting

Table of Contents

Meeting 1

Project Name: Unknown	Group Name: SER
Sprint Number: 1	Date and Time: 21/01/26 15:30-16:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Make ourselves a group

What will you do today?

Answer: Discuss with the group name, reading coursework brief and discussing roles.

What obstacles are impeding your progress?

Answer: N/A

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Made the group

What will you do today?

Answer: Discuss roles and help decide the group name.

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: created our group

What will you do today?

Answer: read through coursework brief and decide what role I want to be. Chose the role of developer so I can strength my coding skills.

What obstacles are impeding your progress?

Answer: N/A

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Making a group

What will you do today?

Answer: Reading through initial coursework brief and assigning roles to each person. I asked to be a developer because I think it will challenge me while also working to my strengths

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Decide team roles and team mate

What will you do today?

Answer: Read through coursework brief

What obstacles are impeding your progress?

Answer: None

Meeting 2

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 1	Date and Time: 28/01/26 10:00-13:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: After receiving coursework details, I told the team and discussed roles.

What will you do today?

Answer: Come up with Ideas with the design and colour scheme of the project.

What obstacles are impeding your progress?

Answer: N/A

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Read the brief and understood project as well as discussing roles.

What will you do today?

Answer: Come up with initial ideas for the design and structure.

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: Discussed with team what role I wanted to be and why. Ended up sticking to my chosen role

What will you do today?

Answer: Discuss initial design ideas with team and start drawing them up

What obstacles are impeding your progress?

Answer: not really understanding brief properly.

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Discussed roles with the team while having to wait for our groups briefs

What will you do today?

Answer: After finding out the coursework information we discussed initial design ideas including colour and what we should include

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Went through roles and understanding what each person will do based on what they chose.

What will you do today?

Answer: Get ready for first meeting and talk about first initial ideas for the project

What obstacles are impeding your progress?

Answer: None

Meeting 3

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 1	Date and Time: 02/02/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Establishing a to-do list for the app. Talking about who it is for and what is needed inside the app.

What will you do today?

Answer: Talk about the design and create use cases.

What obstacles are impeding your progress?

Answer: The word document as it gives a very brief mark scheme and explains what is needed for the app in detail.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Establishing a to-do list for the app. Talking about who it is for and what is needed inside the app.

What will you do today?

Answer: Discussed the design and created use cases.

What obstacles are impeding your progress?

Answer: The brief details felt a bit vague.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: Discussed what was expected of me. And briefly touched on scope requirements needed to begin initial design drawings

What will you do today?

Answer: Make a few more sketches. Create a few folders in github

What obstacles are impeding your progress?

Answer: I didn't really understand the detail on what we needed to do as coursework brief felt quite vague

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Establishing a to do list for the app. Talking about who it is for and what is needed inside the app

What will you do today?

Answer: Talk about the design and create use cases

What obstacles are impeding your progress?

Answer: The word document as it gives a general mark scheme and explains what is needed for the app in detail

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Establishing a to-do list for the app. Talking about who it is for and what is needed inside the app.

What will you do today?

Answer: Talk about the design and create use cases.

What obstacles are impeding your progress?

Answer: The word document as it gives a general mark scheme and explains what is needed for the app in detail.

Meeting 4

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 2	Date and Time: 03/02/26 12:00 – 13:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Sihaam

What did you accomplish yesterday?

Answer: Gained a clearer understanding of the project and discussed in detail the expectations for both the student and driver sides. Reviewed front end design ideas and completed an initial sketch. Agreed on a timeline for sharing final ideas and combining them into one final design. Took responsibility for the student side; I also made sure to still create some ideas for drivers as well. Set a date and time for next meeting to merge our work. Also, reviewed potential data structures and discussed pros and cons of each

What will you do today?

Answer: Look into each data structure

What obstacles are impeding your progress?

Answer: Uncertainty in fully implementing certain features. Will be discussed after finishing first prototype and discussing with group

Team Member (2): Name: Ridaa

What did you accomplish yesterday?

Answer: Discussed front end design, as well as looking at different apps and determining main user cases for the app. Decided to design the first prototype for users

What will you do today?

Answer: Design front end main features, as well as deciding other features needed to be implemented into the app for users

What obstacles are impeding your progress?

Answer: Deciding which features are only for the driver side and user side. Troubleshooting the technical side of both ends of users and clearly deciding which ones belong exclusively to who. This would make it harder to continue and make strong decisions, since uncertainty causes delays

Team Member (3): Name: Eloise

What did you accomplish yesterday?

Answer: Downloaded all the necessary software for the project, and discussed starting design for the project

What will you do today?

Answer: Draw up the designs for each page of the user side that we will intend to include in the final project

What obstacles are impeding your progress?

Answer: Not knowing how long it will take to implement each page in the code

Team Member (4): Name: Rayan

What did you accomplish yesterday?

Answer: Everyone had separated as one side is Learners and the login page whereas the other side was Instructors and the inbox. Me and the Secretary discussed this together

What will you do today?

Answer: Discuss further about designs on the driving instructor side as others have talked about the student bookings.

What obstacles are impeding your progress?

Answer: The development and management side as I have a hard time finding places to help or code as well as trying to get the others to talk as one big group.

Team Member (5): Name: Rahma

What did you accomplish yesterday?

Answer: Discussed with the Team leader about the Instructor/admin side of things.

What will you do today?

Answer: Continue to develop the admin-side design.

What obstacles are impeding your progress?

Answer: So far, I am understanding quite well however communication seems to be an issue now.

Meeting 5

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 2	Date and Time: 04/02/26 17:00 – 18:00

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Brainstorming ideas by myself to do with the design of the instructor's side of the app as the student side of the app is being thought about with others

What will you do today?

Answer: Discuss further with the others about ideas of the instructors' side of the app.

What obstacles are impeding your progress?

Answer: Making sure everyone knows both sides of the app to combine our ideas to make one solid idea of how the app is going to look and what features it is meant to have as design was separated into two groups.

Team Member (2): Name: Ridaa

What did you accomplish yesterday?

Answer: Spoke about what the project was about to make it slightly clearer to comprehend. Began to brainstorm and create prototypes for the learner's side.

What will you do today?

Answer: Break down what the user side of the project needs to include, what it's about and the timeline of when the first prototype needs to be completed.

What obstacles are impeding your progress?

Answer: Slightly misinformed on what everyone needs to certainly do, when our next meeting is going to be. The tasks have been broken down, but not everyone discussed on who's certainly going to take on a certain role.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: Got a more in depth understanding of what is required from a student. Looked at driving lesson booking websites for inspirations and began my initial drawings

What will you do today?

Answer: Complete final changes of drawings after getting some feedback from members not part of my team

What obstacles are impeding your progress?

Answer: Nothing at the moment

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: I drew up the designs for the user side of the software and my ideas for what needs to be included and how it could look

What will you do today?

Answer: Draw the admin side of the software, and what that will include. Then have a meeting with Ridaa and Sihaam about the user side and show the admin side

What obstacles are impeding your progress?

Answer: Not knowing fully what everyone wants to include in the project

Team Member (5): Name: Rahma

What did you accomplish yesterday?

Answer: I was discussing and brainstorming ideas for the admin/ instructor side and what it would look like on paper.

What will you do today?

Answer: Focusing on developing it.

What obstacles are impeding your progress?

Answer: N/A.

Meeting 6

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 2	Date and Time: 06/02/2026 4:30-6pm

List of attendance:

- | | |
|-----------|---------------|
| • Ridaa: | Attended? YES |
| • Rayan: | Attended? YES |
| • Rahma: | Attended? YES |
| • Sihaam: | Attended? YES |
| • Eloise: | Attended? YES |

Project Progress:

Team Member (1): Name: Ridaa

What did you accomplish yesterday?

Answer: Came together to discuss what we have designed for the Learners interface.

What will you do today?

Answer: Complete a final design with everything included from other teammates, create a Figma prototype.

What obstacles are impeding your progress?

Answer: Drivers side design not completed, so unsure on what features were going to stay constant in the overall design

Team Member (2): Name: Sihaam

What did you accomplish yesterday?

Answer: Shared my drawing with group. Spoke about the positives and negatives of each of our drawings. Eloise mentioned creating a Figma so I sent out link into the group chat so everyone can start adding their work. We discussed and initial colour scheme and ideas. We decided what we would like to include from each of our drawings and gave out roles on who is creating what on Figma. Me and Eloise began the Figma drawings. I worked on the login pages and following pages for the student whether they want to learn automatic/ manual and choice of drivers. Also went through many options of data structures with Eloise and which would be more suitable for our projects. Looked over the github structure with Eloise and discussed when I should start sending out the link to everyone

What will you do today?

Answer: Look more into what needs to be completed in the github so everyone can gain access to it

What obstacles are impeding your progress?

Answer: I don't fully understand how to use github properly but will be doing more research

Team Member (3): Name: Eloise

What did you accomplish yesterday?

Answer: Did an online call, talking about what we drew in the design, comparing mine with Sihaam and Ridaa's designs deciding what we liked and didnt like and what we thought should be in the final design. Mentioned the idea of doing the final design on figma so it allows everyone to contribute instead of just one person drawing up the final design

What will you do today?

Answer: Start The figma prototype, for the user side using what we discussed in the meeting so we can have a clear idea as a group of what we need to include in the code

What obstacles are impeding your progress?

Answer: Not knowing what is being discussed for the drivers side as the whole thing needs to be cohesive

Team Member (4): Name: Rayan

What did you accomplish yesterday?

Answer: Completed a sketch of what the design should look like with the drivers side before figma.

What will you do today?

Answer: Start off with figma pages and split the work between me and the Secretary.

What obstacles are impeding your progress?

Answer: Communication. The team would message or talk individually to me or others rather than speaking as a whole group. I would have to approach people individually as I was not as aware of the learners' side and the design needed to be cohesive.

Team Member (5): Name: Rahma

What did you accomplish yesterday?

Answer: Wrote down the use cases for the design as the Team leader Sketched the design.

What will you do today?

Answer: Hopefully be able to use figma for the instructors side and admin pages, considering a cohesive colouring scheme and design all around.

What obstacles are impeding your progress?

Answer: Not much is hindering progress. However, communication is an issue as the group is separated for the learners' side and the instructors' side.

Meeting 7

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 3	Date and Time: 09/02/26 17:30-18:30

- Group Leader: Rayan Attended? YES
- Secretary: Rahma Attended? YES
- Developer: Sihaam Attended? YES
- Developer: Eloise Attended? YES
- Tester: Ridaa Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Talking about the instructors' side with Rahma as the others are doing the students' side.

What will you do today?

Answer: Talked to the others who are doing the students' side about our designs and send them snippets of my and Rahma's sketches to then try and upload them on Figma.

What obstacles are impeding your progress?

Answer: Lack of Updates as there are two mini groups working on two different yet similar sides of the app.

Team Member (2): Name: Sihaam

What did you accomplish yesterday?

Answer: Was able to get a better understanding on what's going on with the driving instructor side of things in terms of design and ideas. Discussed a timeline on when drawings need to be done and our discussions for data structures as an entire group begins.

What will you do today?

Answer: Figure out how to work github so I can get it sent out in time for next meeting

What obstacles are impeding your progress?

Answer: just need all designs done and finalised so we can start with data structures and coding

Team Member (3): Name: Eloise

What did you accomplish yesterday?

Answer: Started the figma after discussing user side of design

What will you do today?

Answer: Spoke with Rayan with what she has done for the driver side design to see if its cohesive with the user side

What obstacles are impeding your progress?

Answer: Unclear deadlines

Team Member (4): Name: Ridaa

What did you accomplish yesterday?

Answer: Continuation on the designed prototype on Figma for the user's side

What will you do today?

Answer: Finish it off on Figma as well as combine it with everyone else's design

What obstacles are impeding your progress?

Answer: Unsure on the timeline of the project

Team Member (4): Name: Rahma

What did you accomplish yesterday?

Answer: Discussing the instructors/admin side as well as reviewing figma progress and discussing with rayan.

What will you do today?

Answer: Get to grips with design and admin side with Rayan.

What obstacles are impeding your progress?

Answer: The timeline of the project still is not entirely clear.

Meeting 8

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 3	Date and Time: 10/02/26 12:00-13:00

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? NO |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Talked about the instructors' side of the design that me and Rahma discussed about to the others to update them.

What will you do today?

Answer: Establishing a deadline for the designs and figma to be completed before the next sprint as well as finding out or giving more updates with the student side.

What obstacles are impeding your progress?

Answer: Taking the sketches and putting them onto Figma as the student side is already done.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Discussing with Rayan regarding design and prototype as well as reviewing instructor and admin design and discussing deadlines with the team.

What will you do today?

Answer: Ensuring that everyone is on the same page regarding what we need to do and looking at admin and instructor.

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Eloise

What did you accomplish yesterday?

Answer: Saw Rayans designs for the driver side and set meeting time for today

What will you do today?

Answer: Discuss deadlines for design and prototype

What obstacles are impeding your progress?

Answer: Too long of a deadline for something I've already mostly completed

Team Member (4): Name: Ridaa

What did you accomplish yesterday?

Answer: Went through the driver's side of the design and spoke about the use cases

What will you do today?

Answer: Timeline of the project needs to be decided on.

What obstacles are impeding your progress?

Answer: Uncertainty with deadlines, a lack of communication when it comes to beginning the next steps of the project.

Meeting 9

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 3	Date and Time: 11/02/26

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? NO |
| • Secretary: Rahma | Attended? NO |
| • Developer: Sihaam | Attended? NO |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Eloise

What did you accomplish yesterday?

Answer: Setting deadlines with the group for final design and prototype completion

What will you do today?

Answer: Complete figma for user side and also admin side and practice coding on visual studio to get used to C# before we start coding

What obstacles are impeding your progress?

Answer: Unclear of what other people are doing or working on

Team Member (2): Name: Ridaa

What did you accomplish yesterday?

Answer: Spoke about the user side of the prototype, Finalising the final touches of the user side

What will you do today?

Answer: Decide on use cases for the user side while going through the design prototype with Eloise.

What obstacles are impeding your progress?

Answer: Unclear deadlines for the driver's side- unsure on what has been achieved so far.

Team Member (3): Name: Rayan

What did you accomplish yesterday?

Answer: Fully finished Figma design

What will you do today?

Answer: Was Unable to attend the meeting due to circumstances, Talked to team members through text messages on their next steps.

What obstacles are impeding your progress?

Answer: Having a hard time getting the group to talk together as one group rather than speaking to them individually.

Team Member (4): Name: Sihaam

What did you accomplish yesterday?

Answer:

Wasn't able to attend meeting. However was updated looked at their ideas

What will you do today?

Answer: look more into use case and share my own ideas for both learners and drivers side

What obstacles are impeding your progress?

Answer: haven't been able to attend meetings so feeling behind

Team Member (5): Name: Rahma

What did you accomplish yesterday?

Answer: I wasn't able to attend however I was updated and looked into everyone's ideas.

What will you do today?

Answer: Fully completed figma design for admin side.

What obstacles are impeding your progress?

Answer: Communication gaps within the group.

Meeting 10

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 4	Date and Time: 12/02/26

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? NO |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Discussing a deadline for the figma.

What will you do today?

Answer: Shortening the deadline as people are ready to start coding the first parts of the app. Changing the Figma today as the others have already established a design different from mine and have the done the Figma for it. It would be fair to make sure both sides of the app is cohesive.

What obstacles are impeding your progress?

Answer: Lack of communication as I had to ask people after or before the lectures on where everyone is in terms of their own timeline. Because we are working on different sides of the app updates need to be consistent for the app to flow.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Discussing deadline and went over the updated figma design checking that admin pages matched up.

What will you do today?

Answer: Looking into coding and finalising design.

What obstacles are impeding your progress?

Answer: Lack of communication.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: Looked over figma gave final touches. Looked over the new completed prototype from what we previously wanted to change and really liked it

What will you do today?

Answer: Catch up with team with what new deadlines are

What obstacles are impeding your progress?

Answer:

Feeling lost and slow.

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Finished the user side of the figma, and spoke to Ridaa about setting up meeting for tomorrow with the whole group to discuss next steps and timekeeping

What will you do today?

Answer: Attended the meeting over the phone and discussed next steps, with coding and deadlines

What obstacles are impeding your progress?

Answer: Lack of certainty

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Went through the driver side of the design with the people that made them

What will you do today?

Answer: Start discussing coding and timeline for the next few weeks.

What obstacles are impeding your progress?

Answer: Lack of certainty with what's going on in the group.

Meeting 11

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 4	Date and Time: 13/02/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Finished my design pages for the figma. For the Inbox, Home Page and viewing students list.

What will you do today?

Answer: To see if others are finished with their design pages.

What obstacles are impeding your progress?

Answer: Waiting for members as they have not finished their pages. As everyone had wanted to start their code.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Completed figma and added database pages so that admin can view.

What will you do today?

Answer: Start looking into admin frontend pages.

What obstacles are impeding your progress?

Answer: Waiting for design pages to be completed.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: Looked over figma once more

What will you do today?

Answer: see where everyone's heads at

What obstacles are impeding your progress?

Answer: design taking too long

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Discussed next steps with coding and deadlines

What will you do today?

Answer: Looking at everyone's final designs and merging any designs together

What obstacles are impeding your progress?

Answer: Waiting for others to complete work before we can move on as a group

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Discussed my first prototyped- discussed why i chose to include them

What will you do today?

Answer: Merge with everyone's prototype to decide what should be properly included for before starting to code

What obstacles are impeding your progress?

Answer: None

Meeting 12

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 4	Date and Time: 16/02/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Researching about Pseudo code and how it can apply to our work and explain to the others how it works.

What will you do today?

Answer: Type up a draft of the two main pseudo code functionality/algorithm examples to see if anyone would like to change it up.

What obstacles are impeding your progress?

Answer: Nothing much as people are learning how to write in pseudo code.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Reviewed final design and looked into pseudocode is and how it works.

What will you do today?

Answer: Discussing what we want the algorithm to do and looking at main functions.

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: Looked into what exactly pseudocode is and how it works.

What will you do today?

Answer: look into what exactly I want our algorithm to do and when it should be used

What obstacles are impeding your progress?

Answer: first time using it so feeling unsure

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Looking at everyone's final designs and merging any designs together

What will you do today?

Answer: Discuss the main functions and how we can show them in pseudocode

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Discussing the pseudo code layout and code layout

What will you do today?

Answer: How code will be distributed with team members

What obstacles are impeding your progress?

Answer: None

Meeting 13

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 5	Date and Time: 17/02/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Completed a draft for the others to read and improve the pseudo code. I had chosen a Linear search algorithm and a filtering + sorting algorithm.

What will you do today?

Answer: Talk to the team to hear their suggestions on any changes that need to be made.

What obstacles are impeding your progress?

Answer: Nothing much as I am waiting for others to open a discussion.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Shared my draft and research

What will you do today?

Answer: Look into understanding it fully despite others using it.

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: shared my understanding and draft I came up with

What will you do today?

Answer:

Look into everyone else's and see how we can merge together so parts of everyone's work is always included

What obstacles are impeding your progress?

Answer:

none

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Discuss the main functions and how we can show them in pseudocode

What will you do today?

Answer: Read through the pseudocode that rayan drafted and agreed that it was what I thought was needed and also mostly what I did

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Spoke about the sorting and searching algorithms that will be used throughout the code.

What will you do today?

Answer: Go through pseudo code once again to understand it fully

What obstacles are impeding your progress?

Answer: None

Meeting 14

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 5	Date and Time: 18/02/26 11:30-13:00

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? NO |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Discussed with the group and compared drafts if the algorithm pseudo codes.

What will you do today?

Answer: Discuss and wait for the final drafts of the others pseudo code.

What obstacles are impeding your progress?

Answer: People missing from meetings which hinder them from understanding what the group is doing as they are not updated. People would have update each other individually rather than as a whole group.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Looked at drafts and comparing the pseudo codes.

What will you do today?

Answer: Looked at Rayans draft and looking into timeline for front end and backend.

What obstacles are impeding your progress?

Answer: Communication gaps within group.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: completed my new draft and sent into groupchat was sent later than meeting but got feedback

What will you do today?

Answer: discuss with group

What obstacles are impeding your progress?

Answer:

Have been unwell so have missed a few meetings need to have a proper detailed catchup

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Read through the pseudocode that rayan drafted and agreed that it was what I thought was needed and also mostly what I did

What will you do today?

Answer: Wait for others to draft pseudocode

What obstacles are impeding your progress?

Answer: Not everyone is attending meetings so don't have input

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Noted final prototype and stated inconsistencies with the design

What will you do today?

Answer: Speak about timeline of the overall project as well as a timeline for the testing to happen. Making sure that there are not delays when it comes to coding for both front end and backend. Also briefly spoke about the pseudocode

What obstacles are impeding your progress?

Answer: None

Meeting 15

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 5	Date and Time: 24/02/26 19:00 – 20:00

List of attendance:

- Group Leader: Rayan Attended? YES
- Secretary: Rahma Attended? YES
- Developer: Sihaam Attended? YES
- Developer: Eloise Attended? YES
- Tester: Ridaa Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Discussing with people where everyone is at in terms of pseudo code, code or design.

What will you do today?

Answer: Start with my frontend code for the instructor's section.

What obstacles are impeding your progress?

Answer: Nothing much as others are finishing up their pseudo code drafts and working on their side of the frontend.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Discussed code and design prototype.

What will you do today?

Answer: Start with admin sections frontend code such as signup page and home page.

What obstacles are impeding your progress?

Answer: None as others are working on separate things.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Shared our drafts. realised we all did along the same lines

What will you do today?

Answer: merge everyoens idea and look into frontend

What obstacles are impeding your progress?

Answer:

none

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Waited for others to draft pseudocode

What will you do today?

Answer: Look through github to figure out how to use it

What obstacles are impeding your progress?

Answer: Not much to do while waiting for others

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Spoke about the pseudocode and the section i am choosing the create one for .

What will you do today?

Answer: Finishing up the pseudocode and uploading it on the document

What obstacles are impeding your progress?

Answer: None

Meeting 16

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 6	Date and Time: 25/02/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Started to implement my design into the frontend.

What will you do today?

Answer: Continue to work on a frontend draft before trying to figure out git commands and discuss with the group where I am at with the frontend

What obstacles are impeding your progress?

Answer: Not many updates going on with the group.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Researched into github and starting frontend admin.

What will you do today?

Answer: Discussing the usage of github and c sharp and how to navigate.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: research on what

What will you do today?

Answer:

What obstacles are impeding your progress?

Answer:

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Looked through github to figure out how to use it

What will you do today?

Answer: mainly looked through c sharp on the course module work to practice

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Had a look at other members Figma prototype for the design

What will you do today?

Answer: Merge them and see how i can make it consistent

What obstacles are impeding your progress?

Answer: None

Meeting 17

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 6	Date and Time: 27/02/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continuing my frontend.

What will you do today?

Answer: To continue my frontend's HTML structure for pages I needed to do.

What obstacles are impeding your progress?

Answer: Communication is picking up. However, certain parts are left unclear.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Built admin dashboard and using html sample data.

What will you do today?

Answer: Continue building navigation and student pages and fixing css.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: looked into the type of frameworks we can use for frontend

What will you do today?

Answer: continue my search and practised c#

What obstacles are impeding your progress?

Answer:

none

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: mainly looked through c sharp on the course module work to practice

What will you do today?

Answer: still looking through C sharp work for practice while checking what the others are doing

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Started with the HTML and CSS for the front end – login and signup page

What will you do today?

Answer: Complete it and add more functionalities that come with logging in or signing up

What obstacles are impeding your progress?

Answer: Lack of communication

Meeting 18

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 6	Date and Time: 3/03/26 19:00 – 20:00

List of attendance:

- Group Leader: Rayan Attended? YES
- Secretary: Rahma Attended? YES
- Developer: Sihaam Attended? YES
- Developer: Eloise Attended? YES
- Tester: Ridaa Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Trying to implement the design into the frontend.

What will you do today?

Answer: Discuss with the group where we are at in terms of frontend. And finishing off more figma pages.

What obstacles are impeding your progress?

Answer: Having to complete a member's side of the instructor's side as it had been left undone for weeks and the group needed to start picking up the pace.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Continued with frontend and looking into c#.

What will you do today?

Answer: Discussing where everyone else is at and catching up.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: looking at c#

What will you do today?

Answer: see where everyone else is at

What obstacles are impeding your progress?

Answer: feeling overwhelmed

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: still looking through C sharp work for practice while checking what the others are doing

What will you do today?

Answer: Downloaded a virtual machine on my macbook so I can access visual studio to start coding

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Look at other members journey and see how they are doing

What will you do today?

Answer: Continuing front end design

What obstacles are impeding your progress?

Answer: None

Meeting 19

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 7	Date and Time: 5/03/26

- Group Leader: Rayan Attended YES
- Secretary: Rahma Attended YES
- Developer: Sihaam Attended YES
- Developer: Eloise Attended YES
- Tester: Ridaa Attended YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Completed the full figma prototype for the instructor's side.

What will you do today?

Answer: Create a separate repository to understand how git works before using their shared git and cloning it in VS. Discussed a timeline for the next few weeks and shared a document of the timeline.

What obstacles are impeding your progress?

Answer: Git commands not working for me. I'll try for a day or two. If this does not work, it means I would have to upload files manually which makes it a bit harder for me.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Looking at backend functionality.

What will you do today?

Answer: Discussing timelines and github.

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Looking at how to create branches

What will you do today?

Answer:

Look into blazor more

What obstacles are impeding your progress?

Answer:

none

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Downloaded a virtual machine on my macbook so I can access visual studio to start coding

What will you do today?

Answer: Make sure im connected to the github and know how to push and pull code

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Spoke about github and starting with the code

What will you do today?

Answer: Go thought github and connecting everything so i can start on the code

What obstacles are impeding your progress?

Answer: None

Meeting 20

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 7	Date and Time: 9/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued to figure out the issues with my git in VS.

What will you do today?

Answer: Continue to figure out the issues with my git in VS studio.

What obstacles are impeding your progress?

Answer: Github failing inside VS code as well as VS code being corrupted whilst updating.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Saw the shared github.

What will you do today?

Answer: Looking into branches and functionality of backend.

What obstacles are impeding your progress?

Answer: Lack of communication.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Made sure github was shared to everypne

What will you do today?

Answer: look into data structures specifically hash and custom list

What obstacles are impeding your progress?

Answer: communication hasn't been detailed enough everythings just vague

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Make sure im connected to the github and know how to push and pull code

What will you do today?

Answer: Decided to start with the data structures for the backend as I was starting with the backend code

What obstacles are impeding your progress?

Answer: Unclear instructions as I thought only 2 or 3 in the group would do the front end and the remaining will start and focus on the backend and sql but all 4 of them started front end

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Going through github and how it works

What will you do today?

Answer: Continue with github and front end, then push it into gitub

What obstacles are impeding your progress?

Answer: Lack of progress and communication

Meeting 21

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 7	Date and Time: 11/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Uploaded to github manually as the git as well vs code were causing major issues.

What will you do today?

Answer: Continue to complete my frontend as well as I had only pushed the html structure of the home page. And discussed where everyone is at in terms of their code.

What obstacles are impeding your progress?

Answer: VS code as it kept freezing or corrupting. I was still unable to clone the repository successfully. Members also needed to start pushing their work onto git so everyone can see progress or use code to avoid duplicating tasks between themselves.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Continuing frontend looking into adding other components such as managing idle accounts.

What will you do today?

Answer: Additional pages in blazor and sample data for html.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: downloaded jetbrains

What will you do today?

Answer: try to understand it better

What obstacles are impeding your progress?

Answer: struggling with jetbrains confusing me a lot

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Decided to start with the data structures for the backend as I was starting with the backend code

What will you do today?

Answer: started the student class with what I thought should be included

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Uploaded branch into github

What will you do today?

Answer: Push what I have so far into github

What obstacles are impeding your progress?

Answer: None

Meeting 22

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 8	Date and Time: 12/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |

- Tester: Ridaa

Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued my frontend pages for the inbox and the index pages.

What will you do today?

Answer: Continue to work on my frontend pages with bootstrap and CSS. Discussed and showed the group what I had done so far.

What obstacles are impeding your progress?

Answer: Looking at the other side and seeing a completely different CSS design from my CSS design as I had used Bootstrap. They used pure CSS which explains why both looked different.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Looking at c#

What will you do today?

Answer: Fixed css and html pages.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Still working on c#

What will you do today?

Answer:

Have been working on c#

What obstacles are impeding your progress?

Answer:

Distracted with other module

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: started the student class with what I thought should be included

What will you do today?

Answer: still working on student class

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Continue with HTML and CSS, as well as starting to investigate backend and what can be started with

What will you do today?

Answer: Start with ASP Net and see what I can do before everyone else starts with backend

What obstacles are impeding your progress?

Answer: Slow progress and lack of communication

Meeting 23

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 8	Date and Time: 16/03/26

	19:00 – 20:00
--	---------------

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued with my frontend with bootstrap and CSS.

What will you do today?

Answer: Continue with my frontend with bootstrap CSS so when I discuss with the others, they know where to place their design implementation onto my design.

What obstacles are impeding your progress?

Answer: My VS code freezing very often as I had multiple files on my side of the project.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Continued with frontend and looking into class.

What will you do today?

Answer: Discussing SQL and researching.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Discussed what exactly I should be doing in learner side frontend so I can take full responsibility

What will you do today?

Answer:

Look at design again and fix inconsistencies

What obstacles are impeding your progress?

Answer:

Just really distracted and overwhelmed

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: still working on student class

What will you do today?

Answer: finished student class, started on instructor class, instructor node and student node

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Started on backend

What will you do today?

Answer: Investigate SQL and download appropriate software for it

What obstacles are impeding your progress?

Answer: None

Meeting 24

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 8	Date and Time: 17/03/2026 14:00-15:00

- Group Leader: Rayan Attended? YES
- Secretary: Rahma Attended? YES
- Developer: Sihaam Attended? YES
- Developer: Eloise Attended? YES
- Tester: Ridaa Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued to do the frontend.

What will you do today?

Answer: Discuss splitting frontend and backend roles. 4 people worked on the frontend to quicken the pace of the frontend for Login and Signup, Learner, Instructor and Admin. 1 developer worked on setting the backend up for us to use later.

What obstacles are impeding your progress?

Answer: Nothing much as people are focusing on their sections of the project. Updates however are not happening as often as they should. I would check the git for updates or people would talk to me individually rather than talk to the whole group on text or call. Meetings would be very brief as people were not able to stay long which made things unclear.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Continuing frontend and looking at variables.

What will you do today?

Answer: Discussing variable sheets so it can be more cohesive as well as looking at quickening pace and discussing setting up backend.

What obstacles are impeding your progress?

Answer: Communication issues.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Spoke to everyone about my issues

What will you do today?

Answer:

Download utm and try to set that up

What obstacles are impeding your progress?

Answer:

Not comfortable with jetbrains

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: finished student class, started on instructor class, instructor node and student node

What will you do today?

Answer: Pushed the first version of the Student.cs class file. And spoke with ridaa about creating a variables file for everyone to access to minimise errors when merging code if people are using different variables.

What obstacles are impeding your progress?

Answer: Unclear instructions on what to do and what team mates are doing so had to just decide myself without others input

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Spoke about creating and finalising variable so it would be less chance of making errors when coding

What will you do today?

Answer: Creating variables and discuss roles with team members

What obstacles are impeding your progress?

Answer: None

Meeting 25

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 9	Date and Time: 20/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Change up the figma a bit as certain I wanted to leave out certain things to make the instructor side easier to work with and implement it into my frontend.

What will you do today?

Answer: Continue my frontend and start discussing the backend.

What obstacles are impeding your progress?

Answer: The design as it had so many functionalities which would make it harder for everyone else to merge as well as change.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Figma and frontend and making changes.

What will you do today?

Answer: Make changes to frontend.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

UTM was having issues finally got it to be stable

What will you do today?

Answer:

Set up visual studio and see where everyone else is at

What obstacles are impeding your progress?

Answer: moving really slow and distracted with other things

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: pushed student class on the 17th, pushed instructor class, instructor node, student node and learner class (in place of student class, as we decided to use learner instead when me and Ridaa created the variables document to ensure all variables used in code are the same) on the 18th all code in the backend-data-structures branch

What will you do today?

Answer: wrote custom learner list, custom instructor list and custom lesson list (didn't push into GitHub)

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Started testing with variables and overall backend

What will you do today?

Answer: Investigate breaking down code for other team members so testing could be easier

What obstacles are impeding your progress?

Answer: Slow progress

Meeting 26

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 9	Date and Time: 23/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Finished Frontend for inbox and index pages.

What will you do today?

Answer: Start working on settings page for instructor. I had left the schedule page and FAQs page out as it was discussed it would look the same to the learner's side.

What obstacles are impeding your progress?

Answer: Nothing much other than updates are not as often. The timeline I had created was not realistic as others had other things to do which as well wouldn't be fair to impose them with.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Completed settings, system activity page and made updates to code.

What will you do today?

Answer: Start on backend, considering the differences in admin.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Worked on coding using new utm making sure everything saves and works correctly

What will you do today?

Answer: build confidence on utm

What obstacles are impeding your progress?

Answer:

Just working at slow pace

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: 20th: wrote code for custom learner list, custom instructor list and custom lesson list. 22nd: corrected code in instructor node, added lesson class and lesson node, rewrote learner node using the student node I created before

What will you do today?

Answer: I deleted student node file in GitHub, corrected code in custom learner list, corrected misspellings in instructor list, corrected syntax in lesson list and instructor node and corrected variables in learner class. Then pushed all code from today and 20th and 22nd into the GitHub

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Talking to other members on where they are at with everything

What will you do today?

Answer: See if members have started on backend- talk to them about potential roles and what they will do

What obstacles are impeding your progress?

Answer: Slow Progress and lack of communication

Meeting 27

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 9	Date and Time: 24/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued with my settings page frontend.

What will you do today?

Answer: Continue with my settings page frontend.

What obstacles are impeding your progress?

Answer: Dropdown functionality on dropdown menu using CSS.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Continued with functionality.

What will you do today?

Answer: Fixing home page.

What obstacles are impeding your progress?

Answer: N/A.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Finally got utm to work properly

What will you do today?

Answer:

Set up github connection on utm and look into backend myself. Create blazor pages

What obstacles are impeding your progress?

Answer:

none

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: corrected and pushed code into GitHub

What will you do today?

Answer: wrote admin class, admin node and custom admin list then corrected instructor class. Pushed all of this onto GitHub

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Checked in on front end learner side to see how everything is going, Designed other sections of front end

What will you do today?

Answer: Finish off with front end of other sections

What obstacles are impeding your progress?

Answer: None

Meeting 28

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 10	Date and Time: 25/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Uploaded completed index and inbox pages to git

What will you do today?

Answer: Try to complete the full prototype.

What obstacles are impeding your progress?

Answer: Realising that we needed the prototype for the presentation which made my progress even slower. It was needed to show how we would like the frontend to function.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Fixed home page, looked into prototype.

What will you do today?

Answer: Fixing nav page as well as making it cohesive with design.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Started on home, schedule pages making sure it matched figma as best as possible so styling consistent with everyone else . let everyone else know where I was at

What will you do today?

Answer: work on making sure nav is consistent with all pages and view lessons has all the info needed

What obstacles are impeding your progress?

Answer:

none

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: wrote admin class, admin node and custom admin list then corrected instructor class. Pushed all of this onto GitHub

What will you do today?

Answer: wait for others to see what else I need to do

What obstacles are impeding your progress?

Answer: having to wait for others

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Discuss front end with team member

What will you do today?

Answer: Finish off front end

What obstacles are impeding your progress?

Answer: None

Meeting 29

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 10	Date and Time: 27/03/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Updated my CSS for the inbox and index pages.

What will you do today?

Answer: Working on completing the prototype fully.

What obstacles are impeding your progress?

Answer: How many pages the prototype has. If I had checked the other's github for the learners' side earlier, it would not slow us down.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Fixing frontend and looking into controllers, classes and endpoints.

What will you do today?

Answer: Look at the prototype ensuring vs code is working as I had issues with it prior.

What obstacles are impeding your progress?

Answer: Issues with running code at times.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: was having some routing issues my ages weren't connecting properly implemented search currently using permanent data just to make sure everything runs properly

What will you do today?

Answer:

Try to fix routing issue try do hard refresh

What obstacles are impeding your progress?

Answer:

Connecting issue browser just isn't working

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: waiting for others

What will you do today?

Answer: still waiting for others

What obstacles are impeding your progress?

Answer: having to wait for others

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Finished off front end

What will you do today?

Answer: Finalise it with other team member that is also doing the same section as me

What obstacles are impeding your progress?

Answer: None

Meeting 30

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 10	Date and Time: 30/03/2026 12:30-13:00

- | | |
|-----------------------|--------------|
| • Group Leader: Rayan | Attended YES |
| • Secretary: Rahma | Attended NO |
| • Developer: Sihaam | Attended YES |
| • Developer: Eloise | Attended YES |

- Tester: Ridaa

Attended YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Completed the full prototype for the instructors' side of the frontend.

What will you do today?

Answer: Learning how to make routes and endpoints through sources online.

What obstacles are impeding your progress?

Answer: Because I had made frontend with bootstrap it took Sihaam a while to integrate all sides. If had discussed properly and asked to show me their implemented design in the beginning, it could have been avoided. She removed all bootstrap and used my structure. Because my prototype took a while I had gone over the deadline we set as a group.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Pushed front end and had difficulty with github.

What will you do today?

Answer: Work on backend and decided that I'll do admin for backend.

What obstacles are impeding your progress?

Answer: Lack of communication.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Decided backend roles will be doing mainly learner css. Decided ill be in charge of integrating everyone's work

What will you do today?

Answer:

Complete my final designated pages make sure lesson details shows correct info make sure switching tabs works better as well

What obstacles are impeding your progress?

Answer:

Realised will take a while to integrate instructor and full learner code as blazor wasn't used by everyone also realised that there are a lot of styling inconsistency figma styling wasn't followed properly

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Meeting over the phone to allocate what everyone is now working on with backend, as the others have finished their front end code.

What will you do today?

Answer: Create and discuss backend plan with group so everyone is clear

What obstacles are impeding your progress?

Answer: Lack of communication within the group

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Allocating roles with backend

What will you do today?

Answer: Create a backend plan and start on it

What obstacles are impeding your progress?

Answer: Lack of communication and failure to submit work on time.

Meeting 31

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 11	Date and Time: 31/03/2026 13:00- 13:30

- | | |
|-----------------------|----------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended ? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Learning HTTP and C# for the backend.

What will you do today?

Answer: Starting the instructor controller for the instructor backend.

What obstacles are impeding your progress?

Answer: Struggling to get the group together and update each other on their work. I had discussed that the group had disregarded my suggestions and continued to text each other individually although I had mentioned to update the group every time rather than speaking individually to avoid confusion. Meetings are kept very brief and unclear for everyone.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Looking at discussing backend and finalising roles.

What will you do today?

Answer: Look into EF core and ASP.net.

What obstacles are impeding your progress?

Answer: Having to rely on others so code doesn't crash.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Completed my final designated pages make sure lesson details shows correct info make sure switching tabs works better. Made sure all buttons are working improved code commenting. Created pull request into develop so everyone can see an access my most updated version. Was checked and reviewed by teammates

What will you do today?

Answer:

Update everyone where I am at. And integrate Ridaa's half of learners' frontend

What obstacles are impeding your progress?

Answer:

Realised she didn't use Blazor so will have to convert her pages into Blazor pages also having to change some variables.

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Group call to discuss backend plan, and how were gonna split it up

What will you do today?

Answer: corrected admin class, added availability class, booking class, lesson outcome class, student request class, added data attributed to instructor class and learner class. Pushed all into GitHub

What obstacles are impeding your progress?

Answer: Unclear instructions, and delayed deadlines

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Started with the backend plan, discussed classes and models with Eloise

What will you do today?

Answer: Start the backend plan with the API, connecting database and discussing models and controllers

What obstacles are impeding your progress?

Answer: Other members of the group are behind when it comes to submitting work on time.

Meeting 32

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 11	Date and Time: 2/04/2026 19:00-20:00

- | | |
|-----------------------|----------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended ? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued with my Instructor backend as well as making a Notification model for the inbox.

What will you do today?

Answer: Continue with the instructor controller as it is taking a while to type up each route and endpoint. Had already discussed the variables and the sheet was sent to everyone.

What obstacles are impeding your progress?

Answer: None.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Began with backend.

What will you do today?

Answer: Admin authorisation controller as well as admin controller.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Completed learner integrationg

What will you do today?

Answer:

Get started on instructor

What obstacles are impeding your progress?

Answer:

Realised rayan was also having issues with blazor pages also need conversion. Variable sheet wasn't followed either so mant clashes

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: 1st: added summaries to all class files, and deleted lesson class as it was now split into different classes and pushed into GitHub

What will you do today?

Answer: waiting for others to see what I need to do

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Showcased the backend and all the foundations being built. Suggested a timeline on when the final project should be completed. Tested the backend using MS Test to determine any errors with it.

What will you do today?

Answer: Finish off the backend fundamentals- building a SQL server, JWT Authorisation and testing controllers and finishing them off. Writing up a document so teammates could also understand how the backend works and which endpoints they would need to put and where.

What obstacles are impeding your progress?

Answer: None

Meeting 33

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 11	Date and Time: 7/04/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: I had already sent in the notification model as well as the instructor controller.

What will you do today?

Answer: Change the names where it says 'using' and changing the DbContext as I had used a separate project to test out the routes as I could not clone the repo due to an issue.

What obstacles are impeding your progress?

Answer: Although I had updated the group with the backend, progress and updates were slow as everyone was focusing on their own part of the backend.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Did controllers and looking at endpoints and the backend.

What will you do today?

Answer: Used the backend setup to develop code.

What obstacles are impeding your progress?

Answer: N/A.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Instructor frontend integration completed also restructuring so all working fine. Admin integration nearly done

What will you do today?

Answer:

Complete admin integration

What obstacles are impeding your progress?

Answer:

Some design issues that need resolving for admin

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: 4th: added summaries to all node files and pushed into github

What will you do today?

Answer: prepare for the presentation

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Look at what was done so far with my backend

What will you do today?

Answer: Test and decide if anything else needs to be created.

What obstacles are impeding your progress?

Answer: None

Meeting 34

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 12	Date and Time: 9/04/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Finished the presentation and had started to work on the backend again to try and connect

What will you do today?

Answer: Continue to try and link backend to frontend.

What obstacles are impeding your progress?

Answer: Nothing everyone is focused on their part of their code.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Did the presentation.

What will you do today?

Answer: Continue working on backend.

What obstacles are impeding your progress?

Answer: N/A.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Completed admin integration had to also clean up coding and fix bugging issues making sure no clashes and design was consistent between pages. Presentation completed

What will you do today?

Answer:

Start backnd

What obstacles are impeding your progress?

Answer:

Just really slow paced

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: did the presentation

What will you do today?

Answer: asked if anyone needed help with anything but no one needed my help

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Presentation done

What will you do today?

Answer: Continue with backend

What obstacles are impeding your progress?

Answer: Slow progress

Meeting 35

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 12	Date and Time: 10/04/26

	19:00 – 20:00
--	---------------

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Fixing errors on the code

What will you do today?

Answer: Try and clone the repository to make linking the backend to the frontend easier for me and Sihaam.

What obstacles are impeding your progress?

Answer: Major errors with trying to clone the repository.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: By then backend was fully completed.

What will you do today?

Answer: Discussing how to debug and fix code if there are any mistakes.

What obstacles are impeding your progress?

Answer: I had issues with connection string and building on the backend but it was resolved.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer: Completed learner backed c#

What will you do today?

Answer: Need to go over and double check everything works and get feedback

What obstacles are impeding your progress?

Answer:

Realised people didn't pull the develop branch with the integrated work to start backend so many errors in place that needed and need to be fixed

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: asked others if they needed help

What will you do today?

Answer: figure out how I can add an ai chat bot into the website

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Debug code

What will you do today?

Answer: Push code into github

What obstacles are impeding your progress?

Answer: Slow progress

Meeting 36

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 12	Date and Time: 13/04/26 19:00 – 20:00

List of attendance:

- Group Leader: Rayan Attended? YES
- Secretary: Rahma Attended? YES
- Developer: Sihaam Attended? YES
- Developer: Eloise Attended? YES
- Tester: Ridaa Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Successfully cloning repository after many issues.

What will you do today?

Answer: Start to create skeletons for developers for linking the backend to the frontend.

What obstacles are impeding your progress?

Answer: Not being able to open the project on local host. I am unable to see whether the functionality works or not meaning I would have to reply on a developer to see it connects or not

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Ensured backend was correct.

What will you do today?

Answer: Final changes if necessary.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Completed learner backend

What will you do today?

Answer:

Start with instructor

What obstacles are impeding your progress?

Answer:

Realised people didn't pull the develop branch with the integrated work to start backend so many errors in place that needed and need to be fixed

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: thought about how I can add an ai chatbot into the website

What will you do today?

Answer: started the code for the ai implementation

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Try push code into github

What will you do today?

Answer: Start with the report and decide which sections need to be added

What obstacles are impeding your progress?

Answer: None

Meeting 37

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 13	Date and Time: 15/04/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued linking the backend to the frontend.

What will you do today?

Answer: Continue to link the backend and frontend. I had uploaded the wrong file which I has then 'deleted'. Making sure I update regularly as I am unable to see what is going on inside the project.

What obstacles are impeding your progress?

Answer: Still not being able to view the website with local Host. I did not want to put too much work on the developers which is why I'm making skeletons for them.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Finalising backend endpoints and testing was successful.

What will you do today?

Answer: Completing my sections in the report and linking backend to frontend.

What obstacles are impeding your progress?

Answer: N/A.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Creating branch to integrate backend for instructor

What will you do today?

Answer:

Start with instructor home page and lesson details backedn

What obstacles are impeding your progress?

Answer:

Again, integration frontend in develop wasn't pulled so many conflicts with main app.

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: started code for the ai implementation

What will you do today?

Answer: continue with code for ai implementation

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Discuss with Rayan about what backend has been done so far

What will you do today?

Answer: See if anything can be merged

What obstacles are impeding your progress?

Answer: None

Meeting 38

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 13	Date and Time: 16/04/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Continued to work on linking backend to frontend.

What will you do today?

Answer: Continue to work on backend to frontend and making the skeletons for the developers. Made sure all code is pushed to git.

What obstacles are impeding your progress?

Answer: My VS code not allowing me to view the project.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Ensuring database and connectivity string was good as well as doing report.

What will you do today?

Answer: Ensuring everything is completed.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Sorting out erros and figuring out how to still use rayaans work without erasing everything shes done

What will you do today?

Answer:

Look at pages and see what changes need to be made

What obstacles are impeding your progress?

Answer:

A lot of changes need to be made

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: continued with ai implementation

What will you do today?

Answer: finished the code for ai implementation and pushed it into GitHub and spoke with everyone but mainly sihaam and Ridaa about the code I've done for the ai implementation, giving them the api key as I know sihaam will most likely merge it with the rest of the code and Ridaa will be testing it

What obstacles are impeding your progress?

Answer: none

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: See backend code with rayan

What will you do today?

Answer: Discuss AI with Eloise

What obstacles are impeding your progress?

Answer: None

Meeting 39

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 13	Date and Time: 17/04/26 19:00 – 20:00

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? YES |
| • Developer: Sihaam | Attended? NO |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Error fixes and adding more routes.

What will you do today?

Answer: Updating very regularly and pushed all edits onto git.

What obstacles are impeding your progress?

Answer: Having to rely on others due to me not being able to see things on local host or vs code.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Checking everything was cohesive and that there weren't any errors.

What will you do today?

Answer: At this stage I had completed what I had to do so was just keeping up with the rest of the team.

What obstacles are impeding your progress?

Answer: None.

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: finished the code for ai implementation and pushed it into GitHub and spoke with Sihaam and Ridaa

What will you do today?

Answer: Check what I need to do for the report to get started

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Research into AI

What will you do today?

Answer: Discuss how the frontend would look like

What obstacles are impeding your progress?

Answer: None

Meeting 40

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 13	Date and Time: 18/04/26 19:00 – 20:00

List of attendance:

- Group Leader: Rayan Attended? YES
- Secretary: Rahma Attended? YES
- Developer: Sihaam Attended? YES
- Developer: Eloise Attended? YES
- Tester: Ridaa Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Error fixed and adding more components.

What will you do today?

Answer: Push final edits and finalise my side of the backend.

What obstacles are impeding your progress?

Answer: Typing out my sections of the report.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: Checking requirements and final code.

What will you do today?

Answer: Discuss changes with the group and finishing conclusion.

What obstacles are impeding your progress?

Answer: None.

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

Was able to sort out erros and bugs

What will you do today?

Answer:

Push code for home page and lessond details

What obstacles are impeding your progress?

Answer:

none

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Checked what I need to do for the report to get started

What will you do today?

Answer: Writing my conclusion for the report

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Final testing with backend for Eloise and Rayan before everything is merged.

What will you do today?

Answer: Push everything into github for it to be merged

What obstacles are impeding your progress?

Answer: None

Meeting 41

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 13	Date and Time: 20/04/26 19:00 – 20:00

List of attendance:

- Group Leader: Rayan Attended? YES
- Secretary: Rahma Attended? NO
- Developer: Sihaam Attended? YES
- Developer: Eloise Attended? YES
- Tester: Ridaa Attended? YES

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: I had made recent git pushes to link the backend and the frontend together using the frontend prototype using razor and C#.

What will you do today?

Answer: Create a report layout for the team once they have finished with the code.

What obstacles are impeding your progress?

Answer: Conflicts within the git for the instructor side as there had to be a separate file for DTOs (Data Transfer Objects) and they should be inside the code section inside razor which the developer Sihaam helped me with which slowed down progress.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: N/A

What will you do today?

Answer: N/A

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

What will you do today?

Answer:

What obstacles are impeding your progress?

Answer:

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Wrote my conclusion in the report

What will you do today?

Answer: See if I can help others with anything left

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Start with the report and write sections that need to be tested out in the form of a table

What will you do today?

Answer: Look through backend and see what needs to be fixed in terms of bugs

What obstacles are impeding your progress?

Answer: None

Meeting 42

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 13	Date and Time: 22/04/26

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? NO |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Finally, being able to clone the git repository to sort out the SQL and connect to the database.

What will you do today?

Answer: Push the final error fixes and change the connection string as localDB was less reliable and used SQL Express.

What obstacles are impeding your progress?

Answer: Laptop becoming slow and buggy as there were multiple project files within VS code clone and SSMS (SQL Server Management Studio 22) was open to test the SQL connection.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: N/A

What will you do today?

Answer: N/A

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

What will you do today?

Answer:

What obstacles are impeding your progress?

Answer:

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Checked to see if I can help others with anything left

What will you do today?

Answer: Screenshot all the design pages in the figma to add to a separate design report, and crop the screenshots so they are easy to look at in the document

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Go through github branches and see what other members need help with

What will you do today?

Answer: Write report sections and decide what needs to be added in those tables

What obstacles are impeding your progress?

Answer: None

Meeting 43

Project Name: Driving Lesson Booking System	Group Name: SER
Sprint Number: 13	Date and Time: 24/04/26

List of attendance:

- | | |
|-----------------------|---------------|
| • Group Leader: Rayan | Attended? YES |
| • Secretary: Rahma | Attended? NO |
| • Developer: Sihaam | Attended? YES |
| • Developer: Eloise | Attended? YES |
| • Tester: Ridaa | Attended? YES |

Project Progress:

Team Member (1): Name: Rayan

What did you accomplish yesterday?

Answer: Pushed the final edits for the JWT error and new connection string.

What will you do today?

Answer: Connect the whole admin, instructor and learner integration to the database through new connection string.

What obstacles are impeding your progress?

Answer: Laptop becoming slower as there were more files within the clone. The migration folder was causing issues which was then deleted. Backend-Connection folder was misnamed to Backend-ConnectionI which caused EF to not recognise the path. Had to ask Ridaa for some help as there were certain things I could not see such as other multiple errors. I was only able to see 2 errors which was the migration folder and Misnamed folder whereas Ridaa saw over 30.

Team Member (2): Name: Rahma

What did you accomplish yesterday?

Answer: N/A

What will you do today?

Answer: N/A

What obstacles are impeding your progress?

Answer: N/A

Team Member (3): Name: Sihaam

What did you accomplish yesterday?

Answer:

What will you do today?

Answer:

What obstacles are impeding your progress?

Answer:

Team Member (4): Name: Eloise

What did you accomplish yesterday?

Answer: Screenshot all the design pages in the figma to add to a separate design report, and crop the screenshots so they are easy to look at in the document

What will you do today?

Answer: Added all the screenshots into the new design document with titles and short descriptions if needed. Then I created a folder in the github and pushed this document into the main branch for submission

What obstacles are impeding your progress?

Answer: None

Team Member (5): Name: Ridaa

What did you accomplish yesterday?

Answer: Debug backend and API testing

What will you do today?

Answer: Communicate with team members about front end and write up conclusion on my report on how the project went

What obstacles are impeding your progress?

Answer: None
